Name that Creature

Leprechauns aren't the only creatures you'll find in Tir Na Nog. Match the names and descriptions of the creatures on the left with the pictures on the right to create a handy guide to the creatures you'll meet in the Ronan Boyle series—and maybe in your own adventures in Tir Na Nog!

Harpy

Winged creature with the face of a crabapple human.

Fear Gorta

An ugly goblin creature who enjoys drinking ginger beer and eating humans.

Púca

A shape-changing faerie who can appear as a human, cat, rabbit, or horse, among other creatures.

Changeling

An object that looks like a baby but could also be a log. Used by leprechauns to trick unsuspecting parents.

Tips for Leprechaun-Proofing Your Home

1. Keep all gold and valuables out of sight . . . or at least on very high shelves.
2. Beware of changelings! Keep a close watch on friends and family, and report anyone resembling a log with ill-fitting clothing to your superior officer.
3. Do not accept any gifts from leprechauns—they often come with a curse!
4. Read the Ronan Boyle series for more secrets to surviving the creatures of Tir Na Nog.
