

WHOSE TOOLS?

ACTIVITY SHEET

WHAT HAPPENS NEXT?

INSTRUCTIONS:

Spread out the six sequencing pictures on a table in scrambled order.

If you are sharing with one child, ask him or her to place the shapes in the order that a house is built. If you are sharing with a group, ask six volunteer children to each choose one shape, then challenge the children to remember which of the six scenes occurred first, second, and so on by standing in a line to reflect the sequence in the book.
