We hope this packet will help you to create an interactive ART2-D2 event that’s fun for everyone. Please read through the activities on these pages and decide what works for your needs and for the kids who turn out.

MAY THE DOODLES BE WITH YOU!
First Things First

This packet includes a number of suggestions for folding and doodling activities that will make for a fun event. You’ll have to gauge the size of your crowd to determine which of these activities and materials will work best. You might want to only do one or two of the activities, or do them all.

Enclosed Materials

- 1 package of 20 Art2-D2 pencils
- 10 Art2-D2’s Guide to Folding and Doodling 16-page samplers
- 8 sheets of green paper (to cut into origami squares)

Pencils
Use these as prizes, or give a pencil to each kid at your event.

16-page Samplers
Put these by the register for customers to take, or use them as prizes.

Origami Paper
Cut the enclosed green paper to make 32 origami squares. Instructions on how to cut the paper are below. If you need more squares, use any 8.5 x 11” sized paper (examples: computer or construction paper).

Directions to cut paper:
1) Fold the 8.5 x 11” green paper in half from top to bottom & then unfold.

2) Next, fold the paper in half from left to right and unfold.

3) Cut along the fold lines, which results in four squares of origami paper.
Getting Started
We’d like to ask that you please kick off the event by reading the following letter from Tom Angleberger to the group.

My idea for ART2-D2 was to let Kellen, Dwight, and the rest of the gang from ORIGAMI YODA make a case file of everything cool they can do! Origami, kirigami, doodling, talking like Yoda, making a t-shirt, fake cracking your knuckles, and on and on... it’s all in there. And we wanted to add something extra special for the readers, so all copies of ART2-D2 include perforated origami paper in the proper colors for their character. For example, it includes green/brown paper to fold Origami Yoda and all black paper to fold Darth Paper.

The book is just crammed with stooky stuff!

But it’s no good until YOU open it up and give it a try.
Oops, wait... I didn’t mean try...
How to Fold:
Dwight’s Emergency Five-Fold Origami Yoda

Use the green origami paper for this activity.
How to Draw:
Speedy Five-Fold Origami Yoda

Use the blank space on this page and on the last page to practice drawing.
How to Fold: Origami Art 2

Use the green origami paper for this activity.

1. Fold both sides from corner to corner.
2. Fold both sides over.
3. Fold both sides over.
4. Flip over.
5. Now flip.
6. Here... bottom corners of the top folding the top corners out.
7. Fold the left and right, fold the edges.
8. Now decorate.
10. Fold a little back.
11. Fold a little back.

Origami Art 2-D2
How to Fold.
How to Draw:
Speedy Origami Art2-D2

Use the blank space on this page and on the last page to practice drawing.
How to Fold: Origami C3PO

Use the green origami paper for this activity.

Now C-3PO will be easy! Just start with your paper tall and then follow all of the artz steps except #9.

Now decorate!

Hint: eyes are circle + lines + a dot.
